

COURSE TITLE FINAL YEAR PROJECT I
(Projek Tahun Akhir I)

COURSE CODE TMP4913

CREDIT 3

PREREQUISITE/S TMP3113 Project Management

SYNOPSIS This is the first part of the two-semester course sequence represents a capstone design experience which involves the system design specification, system implementation and system evaluation. A written report, demonstration and an oral presentation are required. This course require the student to apply their knowledge to a specific topic. They will have to thus develop their organisational, theoretical and applied skills.

(Ini adalah bahagian pertama dari kursus dua semester. Ia nanti akan menggambarkan sentuhan terakhir bagi projek yang melibatkan reka bentuk spesifikasi sistem, implimentasi sistem dan penilaian sistem. Laporan bertulis, demonstrasi dan pembentangan lisan diperlukan. Kursus ini memerlukan pelajar mengaplikasikan pengetahuan mereka pada topik tertentu. Mereka akan membina kemahiran organisasi, teori dan aplikasi.)

LEARNING OUTCOMES By the end of this course, students will be able to:

- o Decide and defend ideas proposed in the Final Year Project. [C6]
- o Arrange, analyze, and design the proposed research- or development-based project. [P7]
- o Display willingness to work independently. [A5]
- o Have critical thinking, lifelong learning, and entrepreneurship skills. [CT, LL, ES]

STUDENT LEARNING HOURS		Guided LHs	Self LHs
	Lectures	3	0
	Continuous Assessment	1	116
	Sub-Total	4	116
	Total	120 Hours	

LEARNING		<u>Guided LHs</u>
UNITS	1. Introduction and Explanation on the Final Year Project I.	2
	2. Explanation on the FYP1 assessment and exhibition.	1
	Total	<u>3</u>
ASSESSMENT	Presentation	<u>20 %</u>
	Interim Report	<u>80 %</u>
	Total	<u>100 %</u>
